Start: Starting from the green area opposite Martham DIY Store Repps Road Martham

Parking: Village centre car parking

Facilities: The Queen Victoria is the nearest public house a short distance from the start of the walk, with ample

Walk Instructions:

1. With Repps Road behind you, proceed down Cess Road following it as it curves around to the left. Pick up the footpath on your left. Continue on until the footpath ends. Walking continues down the lane.
2. At the junction where Cess Road sweeps around to the right, cross over and continue ahead, this is Low Road, with a hedgerow on your right and a field to your left.
3. At the lane end, you will meet with another lane running horizontal. This lane leads to the main Repps Road to your left, and a farm / nursery to your right. Ignore this lane completely, and cross directly over and onto the bank opposite. Take the footpath across the field. The field has a gentle incline, with good views from the top. Continue crossing into the next field and heading on a gentle decline towards farm buildings. This is Grange Farm. The footpath passes through the yard. Exit the yard through the large gate.
4. After passing through the gate, turn right, and proceed along the lane. Follow the road around as it goes first right and then left.
5. Take a right turn in front of the bungalow. This is Common Road. Continue along this road. You will pass some more cottages on your right. As this road ends it meets with Cess Road.
6. Turn right at Cess Road and proceed ahead. Ignore any footpaths leading off to the left, and continue along Cess Road, as it curves round towards the boat yard. After passing the boat yard, you may see further finger sign posts pointing off to the left, ignore these also and continue along the road. Soon you will meet with a junction.
7. At the junction turn left continuing along Cess Road. This will take you back to the start of the walk.
